

Green Meadow Auto Salvage - Counter Sales Position

If you don't know us already, Green Meadow Auto Salvage is a small family-owned salvage yard several miles north of Helena on Green Meadow Drive. Our current operations include everything from buying cars, dismantling & inventorying auto parts, crushing and shipping cars, and most importantly, selling used auto parts. The new owners purchased the yard a few months ago and need to expand the sales help at the counter.

This is a full time position Monday through Friday, with the eventual possibility of weekend hours as well as the business grows. This is an entry-level position with the training pay at \$10/hour for the first 3-6 months. There is all sorts of room for upward movement inside and outside this dynamic and growing company but that will depend on your personal performance and potential.

The Counter Salesperson interfaces with the customer on the phone and in person to determine the customer's parts need and matches that to our available parts in stock through the computer-driven inventory control system. The salesperson often leaves the counter to physically check parts located anywhere on our 13 acre property, so it is not a sedentary job.

We have found the best way to train the Salesperson is to cross-train with the Parts Pulling position out in the yard since it gives the employee experience with the part origination & quality control process. As a result the Salesperson can expect to spend up to several hours per day assisting in pulling parts for a while. A basic set of hand tools and the ability to use them outside are a requirement of the position.

Requirements:

Must be reliable- No late-shows, no-shows, or hungover-shows

Must be Computer Literate

Own a basic set of hand tools & tool box

Have some basic Automobile Knowledge & Experience

Able to Multi-Task & set priorities

Willingness to Learn- Motivation

Patience
